## CITY COUNCIL AGENDA MEMO

### MEETING OF MARCH 7, 2017

**TO:** Mayor and City Council

**THRU:** Terry Gulley, Director of Transportation

**FROM:** Jesse Beeks, Fleet Operations Superintendent

**DATE:** February 15, 2017

**SUBJECT:** Purchase of one Sedan for Fleet Department

---

#### **RECOMMENDATION:**

That City Council approve the purchase of one Ford C-Max Hybrid for the State Contract price of \$21,542.00 available through Lewis Ford of Fayetteville, AR for use by the Fleet Operations Department.

#### **BACKGROUND:**

Unit 1162 is a 2007 Ford Taurus that has reached its 10 year life expectancy and has 91% of its original purchase price in life to date maintenance cost. This vehicle is in Fleet's rental pool and is used when another unit is being repaired or if an employee needs to travel for business.

#### **DISCUSSION:**

Fleet recommends the purchase of one Ford C-Max Hybrid for the State Contract price of \$21,542.00 available through Lewis Ford of Fayetteville, AR for use by the Fleet Operations Department.

#### **BUDGET/STAFF IMPACT:**

Sufficient funds have been budgeted but not collected for this purchase. We do not anticipate the \$3,600 shortfall to be made up with the sale of the old unit, however the difference in fuel efficiency should make up the remainder. According to advertised mileage the C-Max should get 22 miles more to the gallon in town than the Ford Fusion would.

This purchase was approved by the Equipment Committee on February 14, 2017.
