FRISCO TRAIL RIBBON CUTTING CELEBRATION
WEDNESDAY, OCTOBER 20TH 5:30 PM
ON FRISCO TRAIL BETWEEN MAPLE AND LAFAYETTE STREETS

The final section of the Frisco Trail from Maple Street to Spring Street is now complete, and a ribbon cutting will be held Wednesday, October 20th at 5:30 p.m. to celebrate this achievement.

This important section of trail closes the gap between Frisco Trail and Scull Creek Trail, creating a continuous 7.6 mile trail from Martin Luther King Jr. Blvd. to Old Missouri Road. Steep terrain and tight working space has made this section of trail one of the most challenging to construct, and now that it is complete, over 500 people are already using it daily.

The trail was skillfully constructed by the City's in-house trails construction crew through the Transportation Division. The event will feature music by Dan Dean and apple cider will be provided by the management of Maple Street Apartments.

The event will also celebrate three significant bicycle friendly awards given by the League of American Bicyclists. In September, Fayetteville received a bronze designation as a Bicycle Friendly Community. The City of Fayetteville received bronze designation as a Bicycle Friendly Business, and Bike City Recyclery received silver designation as a Bicycle Friendly Business.

Walking and biking to the event is encouraged, but free event parking will be provided at the corner of Maple and West Streets at Maple Street Apartments. Signs will be posted to direct people to the ribbon cutting location along the trail just north of Lafayette Street.

Come show your support for the growing network of trails and bike facilities in Fayetteville.
