A handwritten signature in blue ink, appearing to read "Kit Williams", with a long horizontal flourish extending to the right.

DATE: April 25, 2018

RE: Off Street Parking Improvement District Commissioners

The Off Street Parking Improvement District was instrumental in acquiring land and constructing needed parking lots near the Square to ensure adequate customer and employee parking for our downtown businesses. These parking lots helped ensure our downtown would remain vibrant and desirable for the many businesses near the Square. Our wonderful Farmers' Market has also benefited dramatically because of the available, nearby parking lots acquired and owned by the Off Street Parking Improvement District.

For many, many years, the City has operated these parking lots pursuant to agreements with the District that benefited the District, the City and our Citizens. This District Board needs to have some of its existing commissioners reappointed and new commissioners appointed to reach their authorized five landowners authorization.

It is sometimes difficult to recruit commissioners for such an improvement district who must be landowners within the district. I would like to thank Lamar Petus, Greg Lee and Evelyn Brooks for their work to recruit new commissioners so this board can get back to full strength.
