CAUTION: This email originated from outside of the City of Fayetteville. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mayor Jordan and City Council Members,

I heard through the grapevine that letters of application for the vacancy on the City Council in Ward 2, Position 2, have been arriving at the City Clerk's desk, so I put one together and was going to drop it off in person on Monday and thought... it's so much easier to send something by email! So although I will drop it off in person on Monday morning I'm attaching it to this email as well. I do not envy you the task of determining whether to appoint someone to the position or hold a special election. Both means of filling the vacancy have their advantages and their drawbacks. But I did want to call to your attention that I am very interested in the position regardless of how it is filled.

Blessings,
Leslie Belden

Rev. Dr. Leslie Frances Smith Belden, Ph.D.
504 E. Lafayette Street
Fayetteville, Arkansas 72701

Mayor Lioneld Jordan
Sonia Gutierrez, Ward 1, Position 1
D'Andre Jones, Ward 1, Position 2
Mark Kinion, Ward 2, Position 1
Sloan Scroggin, Ward 3, Position 1
Sarah Bunch, Ward 3, Position 2
Teresa Turk, Ward 4, Position 1
Holly Hertzberg, Ward 4, Position 2

October 30, 2021

Dear Mayor Jordan and Members of the City Council,

I have been asked by friends in the community to prayerfully consider putting my name in consideration to fill the vacancy in Ward 2, Position 2, created by the resignation of Councilman Matthew Petty. I had been thinking of running for the City Council sometime in the future, but believe that now may be the better time for me to offer my service to the City of Fayetteville. I have been serving on the City's Planning Commission for over five years, and my second term of service will expire at the end of March, so perhaps it is time to transition to another form of giving back to the City of Fayetteville.

Serving is what I do. As a pastor and volunteer for many organizations I have been blessed to be able to use my time benefiting my community. I served on the Planning Commission and Board of Adjustments in Jacksonville, Arkansas, prior to moving to Fayetteville, and represented Jacksonville on the Greater Little Rock Metroplan Board. In Fayetteville I have served on the Board of Fayetteville Downtown Partners, which transitioned from the Downtown Dickson Enhancement Project, working toward the improvements made to Dickson Street which the City of Fayetteville continues to benefit from today. I have also served on the City of Fayetteville's Historic District Commission, the Town and Gown Committee, and as previously stated I now sit on the City's Planning Commission.

I think that I am in a unique position to serve due not only to my commitment to service, and my experience with the City, but also to my academic background. My undergraduate degree is in architecture and I have a Ph.D. in Public Policy Planning, both achieved here at the University of Arkansas. Also, although I am not a native of Northwest Arkansas, I am a life-long Arkansan other than a few years away pursuing educational degrees. I not only know the culture of the state but I am very familiar with the other parts of the state, as my position within the Presbyterian Church has allowed me to serve state-wide. I spent five years as a student in Fayetteville in the mid-to-late 1970s, and my family and I moved to Fayetteville permanently in 1995.

My theological training puts the needs of people foremost in my heart and mind, with a specific emphasis on justice and the need for all to be heard. My voice on the Planning Commission has been particularly loud when standing up for citizens' rights as property owners when they have been challenged by our regulations that make it more difficult for those unfamiliar with the legal language of the city's codes. I have also been the Planning Commission's "voice in the wilderness" crying out that all of the children in the city need to have a park within walking distance of their home – particularly in those neighborhoods where most living there are two-income families. My doctoral dissertation for my Ph.D. focused on whose voices are "at the table", and the difficulties within governing bodies for all voices to be heard equally.

I believe that these issues of justice are central to what makes Fayetteville, Arkansas, not only the best place to live in Arkansas, but the best place to live anywhere. One of my projects when working on my Ph.D. was a hard look at the history of the development of downtown, and the role that the University of Arkansas, the business owners, and the City of Fayetteville played through various periods of its history. Another project focused on how the gender of participants and the diversity of governing bodies impacts the decisions that they make. While City Council meetings may be long, the commitment to hearing the voices of any and all who wish to speak is one of the reasons that Fayetteville is such a great place to live.

And yet we have our problems. Housing costs are too high for many of our citizens, and the need for more attainable housing for all remains vital. The City Council's role alongside that of the Planning Commission is more important than ever in this climate following the economic slowdown of COVID-19. Land is cheaper on the edge of our city, and building subdivisions out in a field is much easier than the process of in-fill and the public out-cry against density when it means density in one's own neighborhood. We, those of us in decision-making bodies, have allowed sprawl to occur with its resulting traffic congestion and the danger to motorists and pedestrians alike in too many areas of our city. Fayetteville will continue to grow as we attract more people, and how we choose to grow will impact generations to come.

We have excellent Police and Fire Departments, which require adequate and appropriate funding. The relationship between the City of Fayetteville and the University of Arkansas will remain crucial to the growth and the vitality of the City. My service on the Planning Commission has made me more aware of some of the areas of our City which suffer from flooding, and the need for the City to assist with improvements where new development will not be occurring to cover those costs. As the City of Fayetteville continues to grow the challenges will increase. But the resources to meet those challenges will expand as well.

I am attaching my resume to this letter of interest. However you choose to fill the unexpired term of Councilman Matthew Petty I will remain committed to serving our City as my gifts and talents are needed.

Sincerely,

REV. LESLIE FRANCES SMITH BELDEN, PH.D.

October 31, 2021
Mayor Lioneld Jordan
Fayetteville City Council members
113 West Mountain Street
Fayetteville, Arkansas 72701

Dear Mayor Jordan and City Council members,

I would like to include my name for consideration to fill the vacant Ward 2, Position 2 City Council seat. I feel a special election is warranted considering the time remaining on the term, but if you ultimately decide to appoint someone Tuesday night, please include me during your deliberations.

I feel my biggest strength is my previous eight years of experience on the Fayetteville City Council followed by eight years on the Fayetteville Planning Commission. Between 2002 and 2016, with the mayor and fellow City Council members, I helped lead Fayetteville through the surge of economic expansion during the early and mid-2000s, then the aftermath of the financial collapse of 2008. As Charles Dickens famously wrote, "It was the best of times, it was the worst of times, it was the age of wisdom, it was the age of foolishness...." Through all of it, the City Council and mayor worked together to make Fayetteville a better city even if we disagreed on exactly how to get there.

I come to you with no agenda in mind, but I think my past record on the City Council gives you an idea of my focus. During my previous service, my three areas of emphasis included first-class city services, planned and reasoned growth, and expanding pedestrian and bicycle infrastructure. I think the city has made tremendous strides in these areas, but there is always room for improvement.

I look forward to the opportunity to work with each of you over the next three years, should you decide to fill this vacancy by appointment. I have lived and worked in Ward 2 for over 33 years. I will bring a cooperative attitude to the council and put my heart and soul into every decision. Thank you for your service to the citizens of Fayetteville. I look forward to your decision on Tuesday night.

Sincerely,

Kyle B. Cook

Fayetteville, AR 72701

Thursday, October 28th, 2021
Fayetteville City Council
Ward 2

Dear Council Members, Mayor Jordan, and the people of Fayetteville,

I am writing to announce my interest in the newly vacant Ward 2 seat of Fayetteville's City Council. I have resided in Ward 2 since the summer of 2021, and have been a resident of Fayetteville (this time) since 2008.

I am the owner of a small business on Dickson Street, a teacher for over a decade, a combat veteran, and most importantly, the husband to an amazing wife, and the father to an awesome son.

I am interested in the seat because of my love for Fayetteville. I have worked closely with other council members on various issues over the last twelve years, and want to continue to serve my community in a larger capacity. Between the United States Army, and my career teaching, I have served my country and Northwest Arkansas for over 16 years.

I understand the challenges facing Fayetteville: the unhoused, the inevitable growth, the relationship with the University, and our robust economy. I also understand the importance of the job of the Council. If appointed, or elected, I will work tirelessly to make sure every decision I make is well informed and has the best interests of the people of Fayetteville in mind.

Thank you for your time and consideration.

Troy A. Gittings
Owner, Buggy's
526 W. Dickson St.

Hi Kara,

I've attached a letter of interest and CV to submit for consideration of the vacant Ward 2 seat with the Fayetteville City Council.

I am currently dealing with an immunocompromised state and will regrettably be unable to attend the meeting this evening. I hope this isn't a disqualification as I do not anticipate this being a permanent state

Please let me know if you have any issues with the attachments.

Thank you!

Sincerely,

Bonnie

November 1, 2021

Dear Kara Paxton, Mayor Jordan, and the Fayetteville City Council,

Please accept this letter and attached resume as my enthusiastic official letter of interest for the Fayetteville City Council Ward 2 open seat.

I've lived in Fayetteville for 13 years and consider Arkansas to be my adopted home state. Since moving here for graduate school in 2008, I've completely fallen in love with our town and cherish the wonderful communities I've found. I currently reside in downtown Fayetteville just off the square and you'd be hard pressed to find anyone who loves this area of town more than I do. This is my backyard. I walk the streets of downtown Fayetteville every single day and take advantage of everything this part of our city has to offer. I am acquainted with all the shops, business owners, trails, housing, parking facilities, restaurants, and events here. On Saturday mornings you can find me and other League of Women Voters volunteers registering voters and providing information on upcoming elections and issues.

I currently work at the University of Arkansas School of Law where I serve as the Program Administrator for the LL.M. Program in Agricultural and Food Law. I have more than fifteen years of work experience in higher education and am proud of the role I play in helping our university remain an outstanding and competitive institution. Talking with potential students about the benefits of receiving an education here is the best part of my job. At the law school, I have been honored to serve as the advisor to the Hispanic Law Students Association which is near and dear to my heart as a member of the LatinX community.

Outside of my work on campus, I spend my time volunteering with the League of Women Voters of Washington County where I currently serve as president. Additionally, I serve as the president of the state League of Women Voters of Arkansas. In 2020, I chaired Arkansas Voters First which put forth a ballot measure to create an independent redistricting commission. I have been a champion of fair redistricting through several election cycles and have gained invaluable experience through working on non-partisan statewide campaigns.

Through all my work I strive to promote the values of diversity, equity, and inclusion. These are values which not only guide the work I do but act as guiding principles in my life. I am extremely passionate about civic engagement and providing education about local government and politics to the people of Washington County. I have been honored to be a leader with several non-partisan non-profits and welcome the opportunity to further serve the best city in Arkansas.

I appreciate your consideration and welcome the opportunity to further discuss my qualifications.

Sincerely,

Bonnie Miller

Sarah,

Thank you for the information, and I will definitely tune in tomorrow night. I did send this to everyone on the council, but I appreciate so much your inclusivity.

All the best,
Kristen

Kristen,

Thank you so much for your willingness to serve our city. You may have already sent this to everyone on the council, but just to make sure everyone sees it I will forward it to the City Clerk's office with instructions they send it to all council members. I will also forward it to the mayor's office.

We will be discussing the vacancy, and how best to proceed, at our next council agenda meeting tomorrow, October 26, 2021. Please tune in if you can.

Respectfully,

CAUTION: This email originated from outside of the City of Fayetteville. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good afternoon,

I read in the paper of Matthew Petty's resignation from his position on City Council, and as a resident of Ward 2, I am interested in this vacancy. I have the experience, insight and understanding that Ward 2 needs from my perspective as a 35-year resident of Fayetteville. I have attached my resume, including my previous Service and Volunteer work, for your reference.

As I am sure you know, my current Service work as a Commissioner on the Fayetteville Housing Authority, is a position I have held for 3 years. Although the FHA Board is separate from the City of Fayetteville, the Board works in conjunction and aligns with City of Fayetteville governance. In my role as chair of FHA from 2019 through June of 2021, I have learned City governance processes and procedures, working as a board member and leading FHA through establishing and strengthening its own governance structures.

I have been involved with city initiatives for many years in a variety of ways. As noted in the City of Fayetteville 2040 Plan and Benchmark Studies done in development of that plan, Fayetteville is experiencing its expected 2% annual population growth. That steady growth is healthy, and it means that families moving into our area are "shopping schools" as they make their decisions about where to settle. Fayetteville High School was ranked #9 in the state by Niche in 2021, which is good, except that 7 of the 8 schools ahead of us in the ranking are also located in NWA. That makes it tough competition for our community to remain home to the best and the brightest, which is crucial for Economic Development. It is in the City's best interests to beef up plans to support educational opportunities, strengthen and support our public schools and also formalize the collaboration among higher education, K-12 schools and the City. We know that communities with more highly skilled workers fare better overall and especially in tech-based knowledge economies of today and in the future. I am hoping to bring my nearly 30-year career experience as a public school teacher, principal and district administrator now working in Higher Education to the important work you are doing on behalf of our wonderful City. As communities move to reopen and re-establish programs even as the pandemic continues, it is natural to focus considerable attention on the mechanics and logistics of safe re-opening. I commend City Council for tasking the City Board of Health and Dr. Marti Sharkey as our City Health Officer for guiding the City in health-based decision making. And now, our community must also give serious attention to the long-term economic impacts of COVID and develop strategies which ameliorate economic losses. Education is a key component of Economic Development, and the City of Fayetteville's partnership with Fayetteville Public Schools, UA, NWACC, NTI, and UAMS have been long and fruitful. K-12 public and private schools including FPS, HAAS Hall and St. Joseph's need our City's partnership now more than ever: teachers are leaving the profession and also retiring early in droves, COVID has led to lost learning during times of school closure and now quarantine, and achievement gaps which existed prior to COVID have grown and our educators are overwhelmed with the needs they face everyday.

The excitement and engagement that the Cultural Arts Corridor brings to our community will create opportunities for collaborative focus on the *Fayetteville First 2016*, including the Action Item: Improve Public School rankings. Continued focus around attainable housing also supports Economic Development, as does marketing, entrepreneurship and initiatives to retain City staff (including those at City Hall, police, fire and others) and develop City Trails & greenways, among others. I hope to have the opportunity to bring my energy and enthusiasm for Fayetteville to City Council, as I am eager to do the work that improves this community for my grandchildren, Robert 9, Audrey 6 and Hallie due in March, so that they can raise their families here too.

I look forward to learning next steps as you decide on the best course of action for moving forward in filling this vacancy.

Thanks for all you do,
Kristen Scott

October 31, 2021

Mrs. Kara Paxton
City Clerk
City of Fayetteville
113 W. Mountain Street
Fayetteville, AR 72701

Dear City Clerk:

I am a resident of Ward 2, and I am interested in the opening for Ward 2, Position 2 and in continuing my community service through City Council. I am a 35-year resident of Fayetteville, and I have the experience, insight and understanding that Ward 2 needs. I have attached my resume, including my previous Service and Volunteer work, for your reference.

Budget management is a strength that I would bring to City Council. My professional background includes 6-years providing oversight and compliance management of state and federal budgets for Fayetteville Public Schools. In addition, fiscal oversight is a primary role of FHA Commissioners, and my two years as Board Chair included the additional responsibility of review and approval of draw-downs through federal eLOCCS and participation in the required annual Single Audit. My current Service work as a Commissioner on the Fayetteville Housing Authority, is a position I have held for 3 years. Although the FHA Board is separate from the City of Fayetteville, the Board works in conjunction and aligns with City of Fayetteville governance. In my role as chair, I worked closely with the City, leading the Board through establishing and strengthening its policy governance structures. This has made me familiar with City governance processes.

It is in the City's best interests to beef up plans to support educational opportunities, strengthen and support our public schools and also formalize the collaboration among higher education, K-12 schools and the City. Fayetteville is experiencing its expected 2% annual population growth, as forecasted in the City of Fayetteville 2040 Plan and Benchmark Studies. Steady growth is healthy, and it means families moving into our area are "shopping schools" as they make their decisions about where to settle. Fayetteville High School was ranked #9 in the state by Niche in 2021, which is good except that 7 of the 8 schools ahead of us in the ranking are also located in NWA. Our schools need support to remain competitive and become home to the best and the brightest, which is crucial for Economic Development. We know that communities with more highly skilled workers fare better overall and especially in tech-based knowledge economies of today and in the future.

I bring nearly 30-year's experience as a public school teacher, principal and district administrator now working in Higher Education to the important work you are doing on behalf of our wonderful City. Communities are moving to reopen and re-establish programs even as the pandemic continues, and it has been necessary to focus considerable attention on the mechanics and logistics of safe re-opening. I commend City Council, the City Board of Health and Dr. Marti Sharkey as our City Health Officer for guiding the City in health-based decision making. Now our community must also give serious attention to the long-term economic impacts of COVID and develop strategies which ameliorate economic losses, particularly for local businesses.

The excitement and engagement of the Cultural Arts Corridor will create opportunities for collaborative focus on the *Fayetteville First 2016* Action Items, including Economic Development, entrepreneurship, marketing, attainable housing and development of City Trails and greenways. These are important issues affecting those of us who live in Ward 2. I am eager to bring my energy and enthusiasm for Fayetteville to City Council; the work that has been done must continue to improve our community for my grandchildren: Robert 9, Audrey 6 and Hallie due in March. I hope they will raise their families here too, and with that focus I give of my time and talents intentionally, focusing on public service in my Service positions and career.

With Fayetteville Pride,
Kristen Scott

Subject: Consideration Requested for Vacant Ward 2 Council Seat
Attachments: Resume for Fayetteville Council.pdf

CAUTION: This email originated from outside of the City of Fayetteville. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Ms. Paxton and City Clerk Staff,

I am writing to confirm my desire to be considered to fill Mr. Petty's vacant Council seat should our City Council vote to elect/appoint a replacement member on November 2nd.

Having consulted with family, friends and other Ward 2 residents, I have been encouraged to pursue this open seat. I take this opportunity seriously, and 32 years of municipal government experience have shown me first hand the complex responsibilities associated with being on City Council.

Should Council choose for a special election to be held, I have organized resources for communicating my candidacy to the citizens of Ward 2, and have a campaign manager, treasurer, and outreach website ready to go. While prepared to announce my intention to run for this seat, if Council prefers to appoint someone to fill this Ward 2 vacancy, I respectfully request to receive their full consideration. My resume is attached.

I fully support our mayor's stated core principles which include: equality, diversity, and inclusion through every action taken by the city government, with the goal of enhancing the safety, vitality, and prosperity of our city. I hope to join our City Council as they strive to put these principles into action through appropriate, contextual policies and growth which maintain and enhance Fayetteville's outstanding quality of life and unique sense of place.

Sincerely,
Mike Wiederkehr

Career Tenure by Field

- Human Resources
- Economic Development
- Building & Safety
- Public Works Administration
- Integrated Waste Management

Profile

Thirty-two years of municipal government experience including Human Resources, Economic development, Building & Safety where I managed a "one-stop" permit center, and Public Works administration where I managed efficiency and the city's solid waste management operations; Served as staff liaison to multiple boards and commissions. First two years of municipal experience were at the City of Fort Worth, Texas. All subsequent years of continuous service were at the City of Glendale, California.

Experience

ASSISTANT INTEGRATED WASTE ADMINISTRATOR — 09/2012-07/2017

Managed the day-to-day operations of a full-service Sanitation division at the City of Glendale which provided single-family, multi-family and commercial recycling, refuse collection, and disposal services. Responsible for finances/budget, customer service, goal attainment, environmental reporting, and landfill diversion efforts. Oversaw a staff of 75 and a budget of \$22 million.

PUBLIC WORKS ADMINISTRATOR — 05/2007-09/2012 CITY OF GLENDALE, CA

Served as assistant to the Director of Public Works: Performed studies including: efficiency of sewer maintenance and sidewalk replacement operations; determination of the city's true cost to own, operate, maintain, and replace a fleet of 1,200 vehicles and apparatus; Personnel investigations; preparation of Council agenda staff reports; managed 700 acre burn area recovery and mud slide mitigation over five year period; conducted all departmental community meetings; drafted legislation.

PERMIT SERVICES ADMINISTRATOR — 10/1994-05/2007 CITY OF GLENDALE, CA

Began as a one-year acting assignment from the City Manager, became a thirteen-year endeavor in which I managed the city's multi-departmental, one-stop permit center. Oversaw 37 Building & Safety staff and housed/coordinated the work of additional plan review staff from Zoning, Engineering, Fire, Traffic, Integrated Waste, Environmental management, and Water & Power.

BUSINESS ASSISTANCE OFFICER — 03/1993-07/1995 CITY OF GLENDALE, CA

Served as Ombudsman to the business community on behalf of the City Council and City Manager. Shepherded large or significant development projects through City approval processes. Responsible for streamlining and efficiency modifications to project review processes, procedures and legislation.

SENIOR PERSONNEL ANALYST — 1989-1993 CITY OF GLENDALE, CA

ASSOCIATE PERSONNEL ANALYST — 1987-1989 CITY OF GLENDALE, CA

PERSONNEL ANALYST — 1987-1987 CITY OF GLENDALE, CA

PERSONNEL ANALYST II — 1986-1987 CITY OF FORT WORTH, TX

PERSONNEL ANALYST I — 1985-1986 CITY OF FORT WORTH, TX

PERSONNEL TECHNICIAN I — 1985-1985 CITY OF FORT WORTH, TX

Performed traditional functions of job analysis, testing, selection, salary/benefit surveys, labor relations negotiations, personnel investigations, supervisory training, employee counseling, and served as staff to the Civil Service Commission within a formal civil service system.

Education

Subject: Open ward 2 council position

CAUTION: This email originated from outside of the City of Fayetteville. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello, writing in response to the vacancy of the ward 2 council seat with intent to offer my candidacy for the position.

While never having stepped into the arena of public governance before I believe that I can bring a number of valuable skills and experiences to the position and continue the progressive path blazed by councilman Petty during his tenure. I work with and interact with most of the ward residents on a daily basis and see in person the things affecting them the most.

I bring over a decade of business experience, team leading, and organizational experience with me.
