**MEETING OF SEPTEMBER 6, 2022**

**TO:** Mayor and City Council

**THRU:** Susan Norton, Chief of Staff  
Water & Sewer Committee

**FROM:** Tim Nyander, Utilities Director

**DATE:** August 19, 2022

**SUBJECT:** **Graybar Electric Company – Electrical Upgrades for Thermal Dryer Building at the Biosolids Management Site**

---

**RECOMMENDATION:**

Staff recommends the approval of the purchase of electrical components for the Biosolids Management Site from Graybar Electric Company, Inc. in the amount of \$97,720.00 plus applicable taxes, pursuant to an OMNIA Partners cooperative purchasing agreement.

**BACKGROUND:**

In December of 2021, the thermal dryer at the Biosolids Management Site (BMS) failed. The City approved an agreement with Griffin Residuals, LLC at the August 16, 2022 City Council meeting that included a Drying-as-a-Service agreement allowing Griffin Residuals to dry biosolids at the BMS. Electrical improvements are needed at the thermal dryer building before Griffin Residuals can install their equipment and begin drying the City's biosolids.

**DISCUSSION:**

Graybar Electric Company submitted a quote in the amount of \$97,720.00 for all of the necessary electrical equipment, which includes a distribution panel in the main Motor Control Center building, a main breaker at the pole, a transfer switch, and the required equipment enclosures.

The pricing on the Graybar quote is through OMNIA Partners cooperative purchasing program, Master Agreement #EV2370.

**BUDGET/STAFF IMPACT:**

Funds are available in the WWTP Building Improvements account.
