MEETING OF FEBRUARY 20, 2024

TO: Mayor Jordan and City Council
THRU: Susan Norton, Chief of Staff
FROM: Tim Nyander, Utilities Director
SUBJECT: **Bid 23-49 Jack Tyler Engineering – Gregg Avenue Sewer Lift Station Pump**

RECOMMENDATION:

Staff recommends awarding Bid 23-49 and authorizing the purchase of a submersible pump for the Gregg Avenue sewer lift station from Jack Tyler Engineering, Inc. in the amount of \$103,352.77 plus applicable taxes and freight charges.

BACKGROUND:

The Gregg Avenue sewer lift station has four (4) pumps total, three of which are primary pumps and one is redundant. Pump No. 2 failed recently, leaving the sewer lift station without a redundant (backup) pump in place.

DISCUSSION:

The City solicited formal bids for this replacement pump per Bid #23-49, and Jack Tyler Engineering was the only bidder that met all the specifications and requirements. Staff recommends awarding Bid 23-49 and authorizing the purchase of a submersible pump for the Gregg Avenue sewer lift station from Jack Tyler Engineering, Inc. in the amount of \$103,352.77 plus applicable taxes and freight charges. This purchase will replace the failed pump no. 2 and will ensure that this critical sewer lift station functions properly in the event of another pump failure. Freight is estimated at \$1,000.00, and taxes are estimated at \$10,174.40 for a total estimated cost of \$114,527.17.

BUDGET/STAFF IMPACT:

Funds are available in the WWTP Upgrade/Replace Lift Stations account within the Water & Sewer fund.
